

PEACE IMPOSSIBLE AT PRESENT, SAYS SENATOR LODGE

Convinced by Trip Abroad That War Must Be Fought to Decisive Issue - Urges Neutrality.

NEW YORK, Sept. 22.—Henry Cabot Lodge, accompanied by his wife, returned from Europe this morning on the Olympic, after somewhat of a trying experience on the Continent. Senator Lodge said:

"I am chiefly interested in having the United States maintain strict neutrality. I mean a neutrality which is not relaxed at one point to help one belligerent and tightened at another point to harm another belligerent, but a neutrality that is absolutely honest and equally rigid toward all belligerents. The time may come, I hope it will come, when our good offices may be effectively used for the restoration of peace, but this time has not yet come."

"I take no side; I advocate no cause in saying this, but we ought to look upon our minds any idea of a speedy peace, which will leave everything in the same condition as it was in July. This will be used at this time by the originators of this peace talk, it not only itself will become absurd, but what is far worse, it will have the effect of being of great value at the right moment, will be crippled and weakened."

RECEIVER FOR IRON CO; EUROPEAN WAR BLAMED

Camden Concern Says World Carnage Has Cut Down Orders. The effect of the European war on American business again expressed itself today in the form of a receiver for Merritt & Co., iron and steel manufacturers of Camden, N. J., 1024 Ridge avenue, this city. Kera Dodge was appointed receiver under a bond of \$50,000, by Judge Thompson in the United States District Court upon a bill in equity filed by the Citizens' Protective Committee of Camden, a creditor in the sum of \$129,577. Although the company is solvent, having \$100,000 worth of assets over and above its liabilities, it is necessary to appoint a receiver to take charge of the business, as there are no immediate funds on hand to meet the current indebtedness on account of the present state of the iron market and the war in Europe. Because of these conditions, it is stated, the contract for work to be performed by the company have largely fallen off, and its earnings are insufficient to meet operating expenses.

U. S. TO GET ALIENS JOBS

Employment Bureaus to be Established in Cities by Government.

CONFEREES' REPORT READY ON ANTI-TRUST MEASURE

Senate to Get Revised Bill Before Adjournment Tonight.

WASHINGTON, Sept. 22.—The conferees on the Clayton anti-trust bill reached the agreement today. Senator Culberson will make the report to the Senate before adjournment tonight. The conferees put back in the bill the provisions prohibiting interlocking directorates of banks. The amendment of the Senate, offered by Senator Reed, providing for the corporations violating the law to be placed in receivership, was struck out finally.

WARMING UP FOR MAYORALTY

Boom Started for Two Republican Candidates at Wilmington.

WILMINGTON, Del., Sept. 22.—Despite the fact that a state election is now on Wilmington Republicans are seeking a President of Council William P. White has been regarded as the organization candidate for some time, and it was generally supposed that he would have things his own way because of being the first in the field.

CROCKERY PLANT BURNS

WASHINGTON, Sept. 22.—Fire today partly destroyed the plant of the E. B. Adams Company, wholesale crockery, crockery and supplies, on Pennsylvania avenue near the Capitol. The loss was \$9,000.

1000 Cigarettes as Booty

Accused of stealing more than 1000 cigarettes from the cigar store of Philip Johnson, York and Woodstock streets, Philadelphia, Sept. 22, 1914, 423 1/2 North 2nd street, in 1910. He was held for court by Magistrate Morris this morning. Thompson asked to use the telephone in the rear of the store, and while left alone he concealed the cigarettes beneath his coat.

DECISION WITHHELD IN SUIT OF OPTOMETRISTS

Court to Decide Question of Exemption From Examination. President Judge Wilson and Judge Auldrieder in Court of Common Pleas No. 4, are holding over advisement the question of whether optometrists should be exempt from the rules of the State Bureau of Medical Examination, following the hearing of argument on the point today. Alexander Martin and Otto G. Hauseman, practicing optometrists, applied for an injunction in behalf of themselves and about 100 others to restrain the State Bureau from enforcing new regulations adopted in July. Deputy Attorneys General Wolf and Cunningham supported the powers of the board, and Owen J. Roberts appeared for the complainants. Mr. Wolf explained that a demurrer had been filed against the bill for an injunction, attacking the suit on technical grounds. The new regulations call for more extended studies in anatomy, physiology and practical and theoretical optics.

WOMEN'S FIGHT FOR CLEAN BREAD LACKS THE LAW'S BACKING

State Department Rules It Cannot Enforce Compulsory Wrapping of Food Asked for by Local Associations of Workers.

The efforts of hundreds of women in Pennsylvania and particularly in Philadelphia to compel food dealers to be more careful in the display of food in stores, particularly the sanitary wrapping of bread, has received a severe setback in the public announcement of a ruling by General Counsel Woodward, of the State Department of Agriculture, extracts of which are printed by Food Commissioner James Foust in the current issue of the official Food Bulletin of the department.

Mr. Woodward rules that the law forces any successful prosecution to the point where it must prove that the food is handled in such a way that it is rendered contaminated, not in such a way that under certain conditions it might be rendered so.

For months the Civic Club of Philadelphia, with the support of the New Century Club, the Philomathean Club, the Home Economics Association of Philadelphia and the Woman's Organization of the National Retail Druggists, have been trying to obtain a ruling that would force the wrapping of bread, believing that in many cases disease is carried through the medium of exposed bread.

"It must be conceded, I think, that as District Attorney Foust has no power to make laws. The Legislature of the State is the only law-making power under the constitution of the State. The Legislature is not alone the only law-making power, but it has no power to delegate the legislative authority vested in it by the constitution. Therefore the legislature has no power to grant my authority to make any law. As an executive officer, you cannot, by a rule or regulation extend the law beyond its letter so as to make it include anything not covered by proper construction of the law. If you cannot, therefore, under the law, punish a person who delivers bread without the wrapping of the same, when you have no rule or regulation on said subject, the making of such a rule or regulation will not aid you in securing the punishment of such person."

FIREMAN'S GOAT TIED TO TREE

Engine Company No. 7 Leaves It There After Hard Run.

The goat of Engine Company No. 7, Frankford avenue and Rowan street, was left last night. It is firmly tethered to a big tree in the city park on Nicetown lane, east of G street.

FIREMAN'S GOAT TIED TO TREE

It happened this way: Last night the company responded to an alarm that took them three miles as far as the Juniata river. That was as far as they could go, for the water supply stopped there. However, the fire was still a half mile away. On the run the firemen proceeded, and at last, breathless, arrived at the scene. The fire was out, and the goat was tethered to a tree. The goat was tethered to a tree in the city park on Nicetown lane east of G street.

"PORK BARREL" CUT BY SENATE CAUSES PROTEST IN HOUSE

Friends of Projects Not Included in \$20,000,000 Appropriation May Revolt and Defeat Measure.

WASHINGTON, Sept. 22.—Murmurs of a revolt in the House against the cut in rivers and harbors appropriations to \$20,000,000 by the Senate today were heard among friends of projects left out of the measure. This brought the suggestion from Senators favoring waterway improvements that even the \$20,000,000 appropriation might be put in jeopardy before the matter finally is closed.

A strong sentiment was apparent on the House side which indicated that the Rivers and Harbors Committee of the lower body might disagree to the Senate measure. It was pointed out that the return to the Senate by the House of a bill differing from the passed by the Senate, with the temper of the Senate still on edge as a result of the long filibuster, seriously might threaten the passage of any waterways bill.

The bill as passed provided for the allotment to be expended "under the direction of the Secretary of War and the supervision of the Chief of Engineers for the preservation and maintenance of existing river and harbor works and for the prosecution of such projects heretofore authorized as may be most desirable in the interests of commerce and navigation and most economical and advantageous in the prosecution of the work."

The Newlands River Regulation Commission scheme was defeated in committee by a vote of 3 to 6. It was provided, however, that the allotment for the Mississippi River up to the mouth of the Ohio shall be expended in accordance with the plans, specifications and recommendations of the Mississippi River Commission.

NEGRO WOMEN ARRESTED

Must Account for Strange Death of a Railroad Trainman.

ALLENTOWN, Pa., Sept. 23.—Three Negro women are under arrest, and the police are looking for two Negro men in connection with the mysterious death of a railroad trainman, 23 years old. He came to police headquarters and said Mrs. Susan Douglas, when he asked her for a drink at her house, had given him carbolic acid instead of gin, but he exonerated her. By the time he was rushed to the hospital he was dead.

The surgeons said carbolic acid was not the cause of death, as there were no marks of that poison. Mrs. Douglas, Helen White and Julia Hatcher were quickly rounded up to await the result of a postmortem examination and the coroner's inquest.

Live Stock and Grain Burned

BORDENTOWN, N. J., Sept. 23.—The outbuildings of Frank Haines, at Colum-

bus, a few miles from here, were destroyed by fire with five horses, one colt and 200 bushels of wheat, straw and hay last night; loss \$7000.
